INTERNSHIPS (in reverse chronological order)

- **Iteach Schools: Education Mentor, March 2025 - Present:**
Iteach schools is an initiative by Soumya Jain which aims to uplift children from underserved communities to complete secondary education and get them enrolled in Universities. I have been an Education mentor where I guide students in this journey by reviewing their essays required for the universities they are applying to and work on their mental health and career guidance.
- **Samhita : Data Analytics Intern, Feb. 2025 - Present:**
Samhita is a NGO which works with individuals from underprivileged and rural communities by providing them opportunity to learn skills and it helps them to start their own business. My responsibility here is to work with the data collected by the coordinators and analyze them and make graphs, find trends, work on excel, and work similar to this.
- **Karta Initiative Foundation India: Economics Content developer, October 2024 - Dec 2024**
My Interest in Economics led me to apply to the Karta Initiative where I am responsible for creating economics practice questions for the students applying for the CUET examination. I referred to the 12th grade economics NCERT books while preparing the questions. In this Internship I also tried my hands on preparing Mathematics questions for the same purpose.
- **Careerhelp : HR Intern, August 2024 - September 2024**
Careerhelp is an Organization working to provide guidance to students and freshers in getting exposure to how corporate life looks. In this process the company provides guidance and provides feedback to the candidates. I worked as an HR intern where I worked in the HR department. I was responsible for recruiting the candidates, screening the resumes, and

handling meetings.

- **Yojak: Intern, May 2022 - June 2022**

Yojak is an organization which works for the betterment of children from underserved communities in providing them free education by conducting free classes from 7th grade to 12th grade. I worked with Yojak twice (for two years), where I taught social science and mathematics to children of grade 10. I was also lead student teacher in the summer camp where I managed a group of 7 student teachers and around 80 students.

- **Astytva Learning Center: Intern, November 2019 - Currently**

Astytva Learning Center is an NGO which was established in 2017 by two TFI fellows as an after school learning space. Being an alumnus of Astytva Learning Center, I have participated in conducting various programmes with a vision in promoting children from underprivileged communities by providing them a safe space to voice their opinion. We worked with children by providing them financial, emotional, and career support. I was also part of Astytva women where we empowered women by providing them the opportunity to start their business in weaving, sewing and food products.

- **Iteach Schools: Intern, December 2021 - January 2022**

Iteach schools is an initiative by Mr. Soumya Jain to support children in completing their secondary education since the government schools (English Medium) in Pune do not go beyond 8th grade. I worked as a government relations intern where I actively participated in collecting and analyzing raw data from communities about their opinion on a school which provides excellent education and mentor support in low fees.

- **Bajaj CSR: Intern, May 2020 - June 2020**

In Bajaj CSR, I worked as a data analyst in Janki Devi Gram Vikas Sanstha (JBGVS). I was responsible for migrating official CSR data to their designated storage point. I analyzed the data and classified them accordingly.
